🎨 Behance

Profile

User Experience Designer, based in the Netherlands, with an architectural background. Planned and designed 25+ housing and commercial projects that varied in size and have now traded buildings for prototypes. Great at organizing complex data into digestible pieces and crafting pixel perfect prototypes.

Education

PROFESSIONAL UX DESIGN CERTIFICATION

CareerFoundry Rotterdam, NL May 2020 - Jan 2021

Intensive training program for UX Designers, specializing in UX process and methodology that includes user research, user journeys, user personas, testing, information architecture, and visual design fundamentals.

- Designed 2 mobile first apps using software such as InVision, Adobe XD, and Balsamiq
- Designed and coded a website using HTML, CSS, and Javascript

MASTERS OF ARCHITECTURE

University of Colorado Denver, USA Aug 2016 - Dec 2018

Community and user-centered design studies focused on research and analysis on the human and built systems in our environment.

BACHELORS OF ENVIRONMENTAL DESIGN IN ARCHITECTURE

North Carolina State University Raleigh, USA Aug 2011 - May 2015

Design foundations based on Black College and Bauhaus principles, where design thinking and critical analysis were heavily emphasized.

UX/UI Experience

WEBSITE DESIGN AND DEVELOPMENT

Website Rotterdam, NL Jan 2021 - Current

Developed a personal website to showcase professional work. Learned the basic of frontend developing and shaped the product from sketches to high-fi prototypes all while maintaining a user-centered design.

CAT CAFE BOOKING SYSTEM

Booking App Rotterdam, NL Nov 2020 - Jan 2021

Designed a working prototype of a booking system for an adoption cat café in Denver, CO. Established business goals then designed and tested 2 solutions with real users to develop a product that is ready for investors.

GEO-BASED URBAN TRAVEL APP

Case Study Rotterdam, NL May 2020 - Dec 2020

Designed an entire case study for a travel guide app to simplify the travel planning process. Benchmarked competitors and included real users from initial interviews to usability testing and final revisions. They shaped the product from sketches to high-fi prototypes and maintained a user-centered design. Mobile-first approach with a limited desktop variation.

Other Experience

WORLD TRAVELS

Independent Globe Feb 2019 - Nov 2019

Traveled the world to experience different cultures, ideas and people, which is how I came to live in the Netherlands. Learned invaluable communication skills when it comes to speaking in other languages and with non-native speakers.

JUNIOR ARCHITECT

ZP Architects & Engineers Denver, USA April 2018 - Nov 2018

Designed and researched a community market where I prototyped and presented ideas to stakeholders and users to find a solution that improved the area.

JUNIOR ARCHITECT

Hangar 41 Denver, USA Jan 2016 - Jan 2018

Sourced and created 12 proposals for new business opportunities which led to 2 new projects. Designed and prototyped over 25 projects which included client and consultant communication, research and project presentation.
